Features: In addition to the major new additions, other new features include the title's 20-year career mode, which features multiple scenarios to master. Konami has added several 'racing' mini-games into the game that increase your progress as you win. The major additions include: A new Player Creation mode where you can create your own player, like LeBron James, or even enter a free-for-all mode. The game has added new national anthems, a national team editor, and a stadium editor. In conjunction with the release, a companion soundtrack CD has also been released with a play list of all the music in the game. The total playing time is more than 70 hours, with multiple difficulties for players to decide on. Winning Eleven 8 offers a highly accessible
